The is excited to start the new year by introducing works by Nancy Vineburgh. Appropriate for a fresh new year as the work to be displayed is lively and care-free, characterized by colorful, quick brushstrokes. This exhibit represents her artistic journey for the past two years and is sure to delight with lovely paintings inspired by our Lowcountry surroundings. The local ornamental grasses fascinate Vineburgh and her canvas, *Penelope's Pink Muhly Grass* is the centerpiece of this, her first one-person show.

Vineburgh only began painting in 2014 upon her retirement from the Center for the Study of Traumatic Stress, a Department of Defense organization. Her work creating public health campaigns and educational resources for service members, families and military health care providers worldwide encompassed extensive graphic design. This work in collaboration with Digital Design Group earned the American Graphic Design Award presented by Graphic Design USA from 2008 through 2014.

Working in acrylics, Vineburgh initially favored using a palette knife having studied with Jim Lewis. Examples of this technique include *Granddaughter's World* and two paintings, *White Linen* and *Footprints*. She attributes her evolving style as a contemporary impressionist to Ted Jordan's open painting class at the Art League Academy on Hilton Head.

According to Vineburgh, Ted creates an "environment of unconditional love", which has catapulted her growth and harnessed her passion for painting. With mutual admiration, Jordan says, "Nancy's work in acrylics possesses a freedom and strength with great originality and joie
