Work by Isamu Noguchi

Louise Wells Cameron Art Museum, @ intersection of Independence Blvd. & South 17th Street, Wilmington. Through May 24, 2020 - "Unfolding Noguchi". One of the visionaries of 20th-century American modernism, Isamu Noguchi (1904-1988) developed a uniquely open-ended, and forward-looking perspective on global culture. Working with a deep sense of social purpose across a wide range of disciplines, Noguchi was a connoisseur of ingenuity. He regarded craft and technology (representing the past and the future) as two sides of the same coin and natural allies in sculpting our world for the better. **Dec. 6 - Jan. 12, 2020** - "Illumination 2019". Returning for the fifth year, Illumination draws inspiration from traditional lantern festivals, marking the transitional moment of the season's change and year's end, reflecting on the past while creating energy and hope for the future. Cameron Art Museum recognizes the crucial role of artists and art in creating an exceptional quality of life for a community. Artists are invited to submit proposals of original designs for this one-of-a-kind exhibition. **Through Apr. 26, 2020** - "The Eye Learns - Modernist prints from the Louis Belden Collection". In 2017 Cameron Art Museum was given an unprecedented bequest of works of art from San Francisco art collector, Louis Belden. The collection of prints offers an endless range of expression, experimentation and expansion of the terrain of postwar modernism. CAM is proud to present 135 modernist prints that includes original artworks from the leading artists, the change-makers, the radicals, the early modernist European expats, seeking asylum in this country, who shaped the course of visual art in the 20th century. Among others, artists in the exhibition will include Josef Albers, Helen Frankenthaler, Wayne Thiebaud, Richard Diebenkorn, Ellsworth Kelly, Robert Rauschenberg. Featured work is from CAM's permanent collection. **Through Apr. 26, 2020** - "Structure in Space and Time - Photography by Phil Freelon". Throughout his prodigious career, award-winning architect Phil Freelon (American, 1953-2019) found photography essential to his design vision and creative process, "Photography is one of the vehicles that I use to share my view of the world. As an Architect, the expression of Structure is central to my

design process, bringing a sense of order to the final composition. These photographs examine the Structure that exists all around us — both in the natural and built environment. Behind the lens, I seek to capture those fragments of space and time that invite closer examination." Everyone at CAM is deeply saddened by the passing of Phil Freelon on July 9, 2019. CAM wishes to thank Craven Allen Gallery and Ben Alper for their generous support of this exhibition. **Pancoe Art Education Center, Exhibition Cases, Ongoing** - View some of the Seagrove and contemporary pottery from the museum's permanent collection in the cases.
