# CAROLINA ARTS

A PUBLICATION COVERING THE VISUAL ARTS IN THE CAROLINAS

*Oedogonium*, by Alicia Leeke, is part of the traveling exhibition *View from Under the Microscope*.  
The exhibition features digitally created paintings based on images of microorganisms known as phytoplankton.  
*View from Under the Microscope* will be on view at the Richland Library in Columbia, SC, from February 8 - March 10, 2016.  
See Page 17 for the article.
